## 8 Reading

### Before Reading

What do you know about youth hostels?  
What do you know about S.A.Y.H.A.?

## The Place to Stay

Many young people traveling around the world are backpackers or students on a low budget. They want to see the world, but they can't afford to pay for regular hotels. So youth hostels are the perfect solution for travelers without a lot of money to spend. Today there are more than 4000 hostels in over 80 countries, and the Saudi Arabian Youth Hostels Association (S.A.Y.H.A) offers accommodations in 21 cities across the Kingdom.

The accommodations in hostels are inexpensive because guests usually share rooms and bathrooms. Most hostels have a laundry room, telephones, Internet connection, and a restaurant. Some hostels also offer cooking facilities, such as a kitchen with pots and dishes. Youth hostels are usually in interesting places where young people can learn about the local monuments, history, and culture. Some hostels are even inside old historic buildings, castles, and on boats.

Hostels are definitely the place for socializing. The guests, who are from different cities or countries, have the opportunity to meet other young people and share experiences. Many hostels organize tours and fun activities. For example, S.A.Y.H.A. holds sports and painting competitions, and there are also prizes for the best community projects. So when traveling, youth hostels are the best place to stay and make new friends.

### After Reading

Answer **yes** or **no**.

1. \_\_\_\_ Young tourists are usually rich.
2. \_\_\_\_ The rooms in youth hostels are usually cheap.
3. \_\_\_\_ You are allowed to cook in all youth hostels.
4. \_\_\_\_ Hostels are good places for meeting people.

**Jet Chang:** Well, it's a documentary series about martial arts. We're filming the studio scenes here in Hong Kong and the rest in locations all over Asia.

## 8 Reading

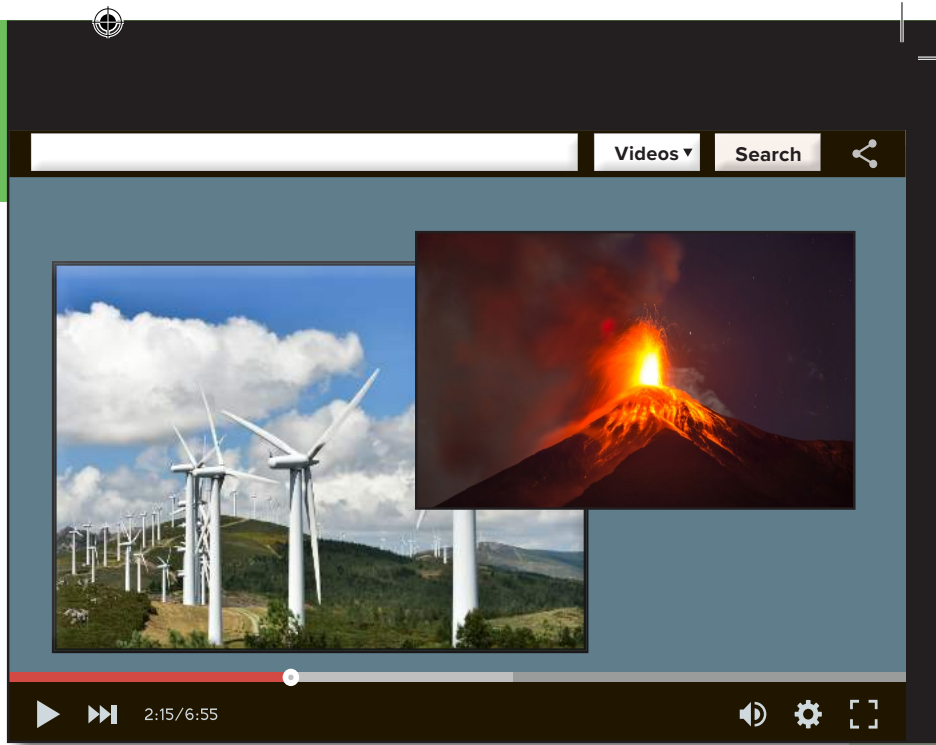

### Before Reading

What do you know about web videos and e-learning?

## E-Learning Is Easy!

You see a young executive in a public place staring into his laptop and you think: “Oh, poor guy, he’s working so hard.” But, in fact, perhaps he’s looking at Facebook or Skype. Perhaps he’s chatting online with friends or watching a video from his family who lives far away. The Internet makes it easy to communicate. Lots of people share photos and videos with their family and friends. Webcams also make it possible for others to see you when you are talking online.

But web videos and webcams are much more than that. They are becoming popular tools for e-learning. Many teachers today show web videos in their classrooms. What better way to help students understand geography or science. And there are thousands of video clips to choose from—you can see active volcanoes, the latest developments in technology, or learn more about global warming. For some students and teachers, the Web is their classroom. More and more students are taking online lessons. Some language students, for example, learn on their own from websites, and others connect with their teacher online with the help of a webcam. There are also online schools like the Khan Academy with over 3,000 video lessons in math, science, economics, and history—and it’s absolutely free. Do you want to know how to make a cheesecake or learn how to play golf? Free how-to videos online can teach you. Anyone can e-learn, and it’s easy!

### After Reading

Answer **yes** or **no**.

1. \_\_\_\_ Teachers usually use webcams in the classroom.
2. \_\_\_\_ More and more people are learning online.
3. \_\_\_\_ You need to pay to use video websites.
4. \_\_\_\_ You can probably learn how to fix a bike on the Web.

Do your teachers ever show videos in the classroom to help you learn? Do you ever use online videos to learn how to do things?

### Before Reading

Look at headings in the text.

- List some words and phrases about the themes you expect to see in the text.

# Jobs and Employment in Saudi Arabia

### The assets of Saudi Arabia

Saudi Arabia has many assets. We have many advantages – our place, our society, our economy and our people. We will use these to build the best future for our country.

We build and support a culture of determination and achieving goals.

### Employment goals for 2030

Among our goals by 2030: To lower the rate of unemployment from 11.6% to 7%. To increase women's participation in the workforce from 22% to 30%.

### A vision for the future

Our vision is built around three themes: A good society, a strong economy and a determined nation.

### A strong economy

A strong economy needs people to have good jobs and to work hard. We started a 'Job Creation Team' to help people find jobs. We assist new businesses that give people jobs and training. We improve technology and digital systems to support businesses and we give training and advice to people who are looking for jobs. We improved the education system to fit with the jobs that the economy needs.

Half of the people in Saudi Arabia are under the age of 25. This is a huge asset to our country and economy. We support young people in finding jobs they enjoy and that help the economy and society.

\* Adapted from the text of the Vision Programs at <https://vision2030.gov.sa/en> and from the text that was drafted by the Council of Economic and Development Affairs as instructed by the Custodian of the Two Holy Mosques King Salman bin Abdulaziz Al Saud.

### After Reading

- List 3 things that Saudi Arabia does to support the economy.
  - \_\_\_\_\_
  - \_\_\_\_\_
  - \_\_\_\_\_
- What percentage of people in Saudi Arabia are under the age of 25?
- What kind of culture is the country building?
- Name one of Saudi Arabia's employment goals for 2030.

### Discussion

- Is it more important to have a job you enjoy, or a job that pays a lot of money?
- How could you help someone who doesn't have a job?
- What job do you want to do? How will this help the economy and society of Saudi Arabia?

## 9 Writing

- A. What do you want to be? Write the job in the chart below. Make a list of good things and bad things about the job. Use your notes to tell a partner about the job and compare ideas. Remember to write key words only when you make notes.

Job: _____	
Good things	Bad things

### Writing Corner

- Use **and** to connect words and ideas which are similar.  
Guy specializes in living room **and** dining room furniture.
- Use **but** to connect contrasting ideas.

- Use **because** to give a reason for something.

- B. Read the text. What does this person want to be? Underline the words or phrases that describe the good things about the job. Circle the words or phrases that describe the bad things.

I enjoy asking questions and I love writing stories. I want to be a newspaper journalist. Writing for a newspaper is a good job because it is fun and very exciting. Journalists often need to travel to new places to discover stories. They see a lot of the world and they meet new people every day. The bad side is that this job can be very stressful and difficult because journalists have a lot of deadlines. A person needs to be very smart to be a journalist, but I think it is a very interesting and satisfying job. This job is important for society because it gives people news about what is happening in our country and around the world.

- C. Write about your dream job. Write about the good things and the bad things. Use your notes from the chart and words and phrases from this unit. Say why your job does something good for your country. Use the connectors: **and, but, because**.

# Sky HIGH!

Aeromodelling is an exciting hobby. It attracts people of all ages. They all have one common interest—the love of flying small-sized airplanes. Most people no longer fly the old elastic-propelled planes. They no longer fly planes that are attached to two cables and that fly in circles around them. Nowadays, with the advances in technology, the big thing is radio-controlled airplanes. These models fly like real aircraft and are an aeromodeller’s ultimate dream. People control the movement of the planes through radio signals. Aeromodels can even perform aerobatics in the sky! Radio-controlled airplanes come in all shapes and sizes: from the Mini Flyer-plane with a wingspan of 9 inches (23 centimeters), to the huge passenger jet models with a 29 1/2-foot (9-meter) wingspan. The price of the airplanes varies from \$30 to several thousand dollars. There are different methods of propulsion, or ways to power the planes. These range from electric motors to expensive jet turbines. Jet-powered models are sophisticated aircraft. Their engines sound like those of full-size jet planes. These jet models can travel at speeds of 236 miles (380 kilometers) per hour—that’s more than the top speed of a Formula 1 race car. Jet models always attract large crowds at aeromodelling competitions. At these competitions, fliers usually do a series of actions with their planes, including launchings, landings, and doing maneuvers in the air.

Aeromodelling is a popular hobby all over the world. In the United States, for example, the Academy of Model Aeronautics has more than 170,000 members in 250 model airplane clubs. The organization advertises the great things about aeromodelling as a sport.

# 11 Form, Meaning and Function

## Gerunds after Verbs

Gerunds are the *-ing* form of a verb. They act like nouns and answer the question *what*.

I recommend **playing** basketball as a hobby.

He enjoys **skateboarding** in the park.

We use gerunds after certain verbs and phrases, such as:

can't stand	feel like	love	spend time
dislike	hate	prefer	suggest
enjoy	like	recommend	

## Infinitives after Verbs

An infinitive is *to* + the base form of a verb. Like gerunds, infinitives act like nouns and answer the question *what*. The verbs *like*, *love*, *hate*, and *prefer* can go with either a gerund or an infinitive.

I like **to watch** TV, but I prefer **to play** games online.

We use infinitives after certain verbs and phrases, such as:

hate	like	prefer	would like
hope	love	want	would love

# LET THE GAMES BEGIN

*Ask teenagers around the world how they love to spend their free time, and chances are they'll say video games. But no country can compare to South Korea for love of video games!*

You walk around the COEX mall in Seoul on the weekend, and you look around. Teenagers are hanging out, people are shopping, families are eating in food courts, children are having fun... It's just like any other mall. And then you hear screams that are coming from the end of a corridor in the huge building. You walk in, and what do you see? Hundreds of young people are waving signs and chanting slogans. They are the fans of some of the nation's most famous sports stars, such as Lim-Yo-Hwan, Choi Yeon-Sung, and Suh-Ji-Houn. Their sport is something you don't normally find in the West. They are professional video gamers. People admire them for their skill in the science-fiction strategy game *StarCraft*. Next to these players is a panel of commentators and dozens of reporters. The players are not competing today. They are here for selection for a coming tournament.

There are two full-time video game television networks in Korea, and competitive gaming is one of the top televised sports. Thousands of fans attend the *StarCraft* tournament finals in stadiums.

But public video game areas aren't just for top players. South Korea has more than 20,000 public PC gaming rooms, or "bangs," which attract more than a million people a day. Video games are exciting and offer some real opportunities to solve problems and use strategic and critical thinking skills. Some parents actually encourage their children to play such video games as a way to relax, as an escape from academic pressure, and as a fun way to use brainpower.

# Just Another Day

I wake up in the morning,  
And I crawl out of bed.  
I don't feel like movin'—  
Got a whole day ahead.  
I grab a cup of coffee  
And make myself a bite.  
My head is aching—  
Didn't sleep all night.

## Chorus

It's just another working day.  
Nothing in this job to look forward to.  
I want to get away—  
Get away from this strife  
I got to do something,  
Something good with my life.

The boss calls me in:  
"You're not doing your share.  
You don't fit in,  
And you don't seem to care.  
Get your act together.  
I've had enough.  
Just one more chance  
Or you'll be laid off."

## Chorus

It's six o'clock,  
And it's time to go home—  
Shut the laptop down  
And hang up the phone.

And stand on the train.  
Tomorrow at eight  
I'll be back again.

What do you know about international foods?  
Discuss in a group.

# Globalization of Foods

International fast-food chains are becoming more and more popular everywhere! You can have burgers, sandwiches, pizza, ice cream, coffee, and soft drinks in restaurants in the Americas, Europe, and Asia. In general, pizza in New York tastes more or less like a pizza in Italy or Hong Kong. However, there are some changes in the food according to the tastes and culture of the different countries. For example, in Japan, you can get a shrimp burger at McDonald's, and in KSA, the McArabia sandwich with chicken or beef is very popular.

Some famous brands had difficulty when they first entered certain countries. For example, in Peru, the most popular soft drink was and still is Inca Kola. Coca Cola couldn't compete against Inca Kola, so they

bought the factory. Now they produce Coca Cola and Inca Kola. In China, people usually drink tea, but coffee is becoming more and more popular. There are about 4,800 Starbucks coffee shops in the country.

In the past, most ethnic foods were just local. Nowadays with globalization, ethnic foods are also becoming popular everywhere. Pizza is originally from Italy, but today there are over 78,000 pizzerias in the U.S., and the number is growing. Asian food is found in food courts everywhere. And one of the most popular Middle Eastern foods around the world is shawarma, which is sometimes also called doner.

## 8 Reading

### Before Reading

What do you know about calligraphy? Can you write calligraphy?

# ART OF THE PEN: ARABIC CALLIGRAPHY

This summer, the Islamic Heritage Museum is proud to present a special exhibit called *Art of the Pen: Arabic Calligraphy*. Admire the beautiful art of Arabic calligraphy and Holy Qur'anic verse. Learn about the history of calligraphy and its development.

### Calligraphy and the Holy Qur'an

The word *calligraphy* means "beautiful writing." Arabic calligraphy has beautiful lines and shapes. But the true beauty of calligraphy is that it is used to write the holy words of the Qur'an. That is how and why the art of Arabic calligraphy started.

The first Arabic system of writing (script) was very simple. Then, with the spread of Islam, there was a need for a more expressive form of writing to communicate Allah's words in the Holy Qur'an.

It was important to have a clear script that all the people of Islam could easily read and understand.

### Styles

Today, there are six main styles of Arabic calligraphy. One of the oldest styles is *Kufic* script. It has straight, geometric letters that make it easy to cut into wood or stone. This is the script calligraphers used to write the first copies of the Holy Qur'an.

The other main styles are cursive and have connecting letters. *Thuluth* is a long and elegant script that is often used to write the headings of *surahs*, Holy Qur'anic chapters. It is also the script of the Saudi Arabian flag. *Naskh* and *Ruq'ah* are popular scripts that are common in printing and handwriting. They are generally smaller and easier to read and write. *Farsi* or *Ta'liq*, which means "hanging," is an old script that is sometimes used in literature. *Diwani* is a very decorative style that is often seen on greeting cards.

### After Reading

1. What is so beautiful about calligraphy?
2. Why did the Prophet Mohammed, peace be upon him, need a clear system of writing?
3. How is *Kufic* script different from cursive scripts?
4. Where can you see examples of *Thuluth* script?

### Discussion

Do you know about historic examples of calligraphy? Tell about them.

## 8 Reading

### Before Reading

What does it mean to be “cool”? Discuss with a partner what things you can do to be cool.

## So You Want to Be **COOL**

**Are you worried about your clothes?**

**Are you nervous because you have to speak in front of the class?**

**Are you sad because someone said something bad about you?**

**Are you unhappy because you don't have many friends?**

**Teenage Express magazine offers some ideas on how to be cool.**

- Think of your good qualities. List them. You're going to find that you have a lot of them!
- Take care of your appearance and your clothes. Keep your hair clean and well-groomed. Your clothes don't have to be expensive. They just have to look nice. Sometimes a comfortable, classic look is better than the latest extreme style.
- Compliment people and smile a lot. Meet new people and be friendly to them. Don't be shy. If you want to meet someone, go ahead and introduce yourself. People usually like an outgoing person.
- Be very nice to everyone. But if someone bothers you, defend yourself and say what you think. Never let anyone bring you down. Stand up for yourself.
- Ignore negative things people say about you. Be confident in who you are.
- Be yourself at all times, because trying to be someone else is not good. Being cool doesn't mean being someone you are not.
- Being cool does not mean being silly or stupid. So study hard and be smart. Learn useful information about a lot of topics. Your friends are going to respect and admire you for that.
- Be proud of your qualities and who you are. Remember, being cool is mostly a matter of attitude.

### After Reading

Answer **yes** or **no**. Being cool means:

1. \_\_\_\_\_ not worrying about what others think of you.

### Writing Corner

1. A witness report describes the events of an incident in the order they happened. It answers the five W's (who, what, where, when, why) and explains how the incident happened.
2. Use connecting words such as: *and*, *but*, *because*, *so*, and *when*.  
I was in the park **when** the accident happened. There was ice on the road, **so** the driver lost control **and** hit a tree.

B. Read the witness report. Does it answer who, what, where, when, why, and how?

I was in my living room when I saw smoke outside. I was worried, so I went out onto the balcony to have a look. I saw my neighbor, Mr. Dooley, in his yard. The smoke was from his barbecue. He waved to me, and I went back into the house to watch the six o'clock news. A few minutes later, I heard a loud explosion. This time I ran outside because I was really scared. There was a lot of smoke, and I couldn't see anything. Then I heard a cry for help. "Over here! I'm stuck in the fence. The gas tank caught fire, and the explosion threw me across the yard." Mr. Dooley was quite upset, but fortunately he wasn't badly hurt.

C. Write your own witness report about an accident you saw or heard about. Use your notes from the diagram and ideas from this unit.

## 8 Reading

### Before Reading

What do you know about the common cold and the flu?

# Atchoo! Is It a Cold or the Flu?

When your nose is blocked, your eyes are watery, your throat is sore, you are coughing and sneezing constantly, and you are shivering, then you have influenza, or the flu. Or is it just a common cold? The symptoms of both a cold and the flu are very similar, and very often the two illnesses are confused.

People get both illnesses in more or less the same way. A person sneezing or coughing transmits the infection through the air. Sometimes people with the virus wipe their noses or eyes with their fingers, and then touch objects around them, such as a doorknob, a telephone, a keyboard, or any other everyday object. Other people come into contact with these items with viruses on them, and pick up the viruses that way.

Colds usually last for five to seven days and are caused by viruses. The body's own defense mechanisms need to fight the viruses. Unfortunately, there are more than 80 different constantly mutating rhinoviruses. So vaccination against colds is impossible. Medicines provide temporary relief from symptoms, but they cannot cure the cold.

The flu has the same symptoms as the traditional cold. Additional symptoms are a high fever and severe muscle aches and pains. The effects of the flu can also be far more serious. It can cause pneumonia and kill its victims. In the past, the flu killed more people than any other viral disease. For example, 20 million people of all ages died in the 1919 flu epidemic. It actually affected younger people more than old because their bodies didn't have defenses against the virus. Nowadays, there are vaccines for the flu that protect from some viruses. Unfortunately, new viruses appear all the time.

### After Reading

1. Write three things that are the same about colds and the flu.
2. How is the flu different from colds?

## 8 What's Wrong?

## 9 Writing

- A. Read about heat exhaustion. Have a class discussion. What are the symptoms? Are there any other symptoms? Do you agree with the advice? Do you have any other advice?

Do you feel dizzy and weak? Are you sweating a lot? Do your muscles ache? Do you feel like vomiting? When you spend too many hours in the hot sun, you can suffer from heat exhaustion. For relief, follow this advice.

- You should get out of the sun. Find a cool or air-conditioned place.
- Take a cool shower or bath. You can also spray cool water on your skin.
- You should drink plenty of water, but don't drink quickly. You should drink small amounts slowly.
- You should rest. Lie down and put your feet up. This prevents shock or fainting.
- If the symptoms continue, you should see a doctor.

### Writing Corner

1. Bullet points (•) help make a list clear and simple to read. For example, when there is a list of ingredients in a recipe or a list of symptoms for an illness.
2. When there is a list of instructions or steps to follow in a certain order, it is better to use numbers, and not bullet points.
3. With short phrases or words, do not use punctuation after each bullet point. When there is a complete sentence or sentences, use the correct punctuation.

- B. What are some common symptoms of the flu? Write them in the chart. How can you relieve the symptoms? Write notes in the advice column.

Symptom	Advice

- C. What should you do when you have the flu? Write about it. Use your notes from the chart and other ideas from this unit. Use bullet points for the symptoms or the advice.

## 3 Reading

### Before Reading

Look at the name of the food in the title of each section. What do you know about each food? Is it healthful or not?

# Foods: TRUTHS AND LIES

Every day, new discoveries about food help change ideas that people had about certain items. Some food villains of the past are perfectly acceptable in today's diets.

#### Margarine

Margarine was introduced officially in the United States in 1950 as a substitute for butter. However, margarine contained trans fats,\* which were worse than the saturated fat in butter. Nowadays, makers of margarine take out trans fats, and some brands include ingredients that help to protect the heart.

#### Eggs

Eggs can be a problem for people with high cholesterol, especially if the eggs are fried. For healthy people, eggs are a good source of protein and are good for the heart and brain. However, you shouldn't eat a lot of eggs.

#### Chocolate

People long associated chocolate with obesity, high cholesterol, and acne, because it contains sugar and saturated fats. Recent studies show that dark chocolate protects the heart, because it reduces the bad cholesterol and helps to lower blood pressure. Some nutritionists recommend one square from a bar a day.

#### Sandwiches

People said: "A sandwich isn't a substitute for a good meal." But some sandwiches can be a good healthy choice. One example is turkey or smoked salmon, with cheese, tomato, avocado, and lettuce on whole wheat bread, especially if you have the sandwich together with a glass of fresh orange juice.

#### Oils

Oils often have saturated fat, and generally they aren't good for you. However, olive oil is an exception. Olive oil increases the "good" cholesterol and helps to eliminate the "bad" cholesterol. In ancient times, people used olive oil as medicine.

#### Milk

Milk and other dairy products such as cheese and yogurt are considered the perfect foods for young and old. They provide the body with necessary calcium. Unfortunately, a large portion of the world's population cannot drink milk because they cannot tolerate the lactose in cow's milk. They need to find calcium in other sources.

\*Trans fats result when liquid oils are made into solid fats. They are like saturated fat and raise the "bad" cholesterol level. Trans fats can be found in cookies, snacks, margarine, and other processed foods.

Who decides the chores you do?

# Someone Has to Do It!

Parents often complain that they always have to tell their teenage children to do their chores. Parents think their kids are irresponsible. On the other hand, teens feel **their** parents are always nagging and complaining.

A major problem is that parents think that teens need to do the chores on **their** schedule, while the teens think, "Why do I have to do it now, when I can do it later?" **This** usually leads to unnecessary conflict between teens and their parents.

The general questions parents usually ask about chores are the following: Should teens have them? Should teens and parents agree on a list of chores together? Should teens have freedom to decide when to do **them**?

One mother says, "My daughter and I make a list of chores each week. That way **she** can organize her time for schoolwork, housework, and free time, too." Another

parent only gives his son pocket money after he has done all his chores around the house. **He** says, "No chores, no money. It makes teens responsible for earning their money, rather than just simply giving **them** an allowance." Some teenagers complain, "My friends don't have to do chores, so why should I?"

Normally parents expect their teenage sons and daughters to help around the house. But parents and teens have to agree on the kind of chores and when the teens have to do them. One mom's son wants to do his chores *after* he goes out with **his** friends, but then he's usually too tired. Another mother only lets **her** daughter see her friends *after* she finishes all the housework. But housework never ends! So what's the solution?

Teens and parents have to reach a compromise. There has to be common sense on both sides, don't you think?

### After Reading

Write two lists: (1) What parents think about teens' chores, and (2) What teens think about their chores.

### Discussion

In your opinion, how can teens and parents reach a compromise about chores?

### Before Reading

Look at the photos below. What do you think people can buy in these places?

# The Best Place to Shop—and Be!

In an age where you can buy almost anything on the Internet, thousands of people all over the world still prefer to do their shopping in traditional places. In general, shoppers look for bargains, and the best prices are usually found in street markets. Many markets around the world have a similar lively atmosphere and sell nearly anything you can imagine from jewelry and clothes, fresh produce, spices, and fish, to carpets, electronics, and livestock.

Riyadh has some of the world’s most beautiful modern shopping malls, with designer boutiques and brand names. But if you’re looking for real bargains, you’ll head for some of the traditional *souqs* in town. *Haraj\** is a secondhand market just east of the city. Impress your friends and dress in Chanel and Armani for a fraction of the price, or get that new kitchen appliance you’ve been dreaming of. Many of the so-called “used” items aren’t used at all—just don’t tell anyone where you bought it.

Al-Bat’ha District is home to many traditional markets. Whether you are looking for electronics and watches, jewelry, perfume, furniture, car accessories, bicycles, or food—they sell it all at often ridiculous prices. For more traditional goods, antiques, and souvenirs check out Al-Thumairi near

the Al-Masmak Fort. This is particularly popular with tourists. And nearby is the Al-Deira market where everything is worth its weight in gold, literally. Looking for a camel? They come in all shapes, colors, and sizes at Souq Al-Jimal.

Visitors go to the local *souqs* for more than just shopping. You can see and meet an amazing mixture of people from around the world. Many feel that the cultural experience is the main attraction of these markets.

**FYI\*** *Haraj* is a large market where people buy and sell both new and used items, such as furniture, carpets, computers, electronics, car parts, clothing, and toys.

## 9 Writing

A. Read the text. What are the advantages of shopping online?

Personally, I can't stand shopping in department stores or malls. They're too crowded, and it takes too long to find what you want. You buy something and then a week later, you see it on sale.

I prefer to do my shopping online. It's convenient, quick, and easy. When you know what you want, it takes just a few minutes to compare prices. A lot of e-stores guarantee the lowest price, and they also make exchanges or refund your money when you are not satisfied with a product. Many people think e-shopping isn't safe, but that's not true. You need to choose well-known and secure websites. And you don't have to use a credit card because there are other ways to pay without giving personal information.

I usually buy electronic stuff, accessories for my bike, and sports clothes. I am never disappointed with the things I buy. Only once, I exchanged a bicycle helmet because it was too small. But that wasn't a problem. I think that I save money this way, because I only buy what I want. I don't spend money on things that I don't need.

### Writing Corner

- In informal writing, the subject *you* can refer to any person or people in general.  
**You** can save time when **you** shop online, but **you** can't see the product in person.  
 When **you** shop in a store, **you** can try clothes on before **you** buy them.

B. Complete the chart with notes about the advantages and disadvantages of shopping in a store and shopping online. What do you prefer? Why?

	Advantages	Disadvantages

# THE STONES OF AL-ULA

**To:** qassim\_n@space.net  
**Subject:** School trip to Al-Ula

Hi Qassim,

I'm writing this email from our hotel in Al-Ula. We arrived this evening after a long bus journey from Madinah. It's really too bad you couldn't join us on our school trip. We're going to learn so much about the historical sites that we can't learn in books.

It's quite busy here in town, with tourists from all over the world who have come to visit Mada'in Saleh. Tomorrow a guide is going to show us around the site. We're also going to visit the museum, Al-Ula oasis, and the old abandoned city.

The archaeological site lies about 20 km north of the town. It's also known as Al-Hijr because of the spectacular rock formations in the area. As you know, the site was settled by the Nabataeans in the first century. There are over 100 rock-carved monuments that are spread over an area of 13.4 kilometers, and due to the dry climate, they are in an excellent state of preservation. The site was included in UNESCO's World Heritage List in 2008 because of its cultural and architectural importance.

The desert around the oasis is covered by natural rock formations. Hundreds of curious shapes were carved by the wind into the soft sandstone, one of which resembles a giant elephant! The old city of Al-Deerah is going to be very interesting. It has over 500 houses from the 13th century, with stone foundations and mud-brick walls. Some of the stones were taken from the ruins of a Lihyanite settlement and still carry the ancient inscriptions. There is also a unique sundial that the inhabitants used to determine the start of Ramadan.

Don't worry. I'll take lots of amazing pictures to show you!

Best wishes,

Adel

**FYI**

Lihyan was an ancient civilization in northwestern Arabia that existed about 2,500 years ago.

A. Read the email. Circle the adjectives. Underline the adverbs.

**From:** khalid\_2001@sgmail.com  
**Subject:** Greek island

Hi Saeed,

I hope you're well. I'm writing from the Greek island of Paros. You know how I always wanted to visit Greece. Well, I'm finally here. It's a dream come true!

First, we flew to Athens. We spent a wonderful day there visiting the Parthenon and the Acropolis Museum. Amazing! The next day, we went to the port of Piraeus and caught a high-speed ferry to the island. The voyage took less than 3 hours.

We're staying in a comfortable hotel in the capital, Parikia. It's a very picturesque town, with its narrow streets and traditional white houses that have blue doors and windows. In the evening, the stores, cafés, and restaurants are crowded with tourists. It's so lively, and I have to say Greek food is absolutely delicious!

Of course, the island has many scenic beaches with crystal clear waters and soft sand. Tomorrow, we're going to spend the day at Golden Beach. I'm really excited because I'm going to try windsurfing! Apart from the spectacular beaches, we plan to explore the unique sights of the island. We're going to visit the Archaeological Museum and the Valley of Butterflies.

I'll tell you more about my adventures in Paros soon. Write me back with your news.

Best wishes,  
Khalid

## The City of Light

Things to do in Paris

Eiffel Tower ▶

The Eiffel Tower is one of the world’s most popular and well-known sites. It is named after its architect, Gustave Eiffel, and was built in 1889 for the Universal Exposition. The tower is 1,062 feet (324 meters) high and offers fantastic views of the city. Very often, visitors have to wait in line to take the elevator to the observation deck. But the wait is worth it. At night, the tower itself becomes a beautifully illuminated sculpture. The Eiffel Tower is the most-visited building in the world. It welcomes around 7 million visitors per year.

◀ The Louvre

The Louvre was originally a royal palace. In 1516, Leonardo da Vinci came to France as a painter for the Royal Court, and brought with him the painting of Mona Lisa. The king acquired it, and it became part of the royal collection. Today the painting stands in the Louvre in a climate-controlled enclosure behind bulletproof glass. In the 1600s, the Louvre was a palace that contained art and rich decorations, and it only opened as a museum in 1793. The renovation of the museum in 1981 made it even more beautiful, and a pyramid was built as an entrance. Today, the Louvre is the world’s largest museum and possesses the world’s largest and richest collection of art and antiques from around the world.

## Arc de Triomphe and the Champs Elysées

The Arc de Triomphe is a magnificent site at the end of the Champs Elysées, and one of the most famous monuments of Paris. Napoleon I ordered the construction of the monument in 1806 to celebrate his conquests. He got the idea from the triumphal arches of the emperors in ancient Rome. The Arc de Triomphe is a landmark in Paris because of its size and beauty.

From the Arc de Triomphe, you can enjoy a walk along the Champs Elysées. There are many shops, restaurants, and cafés along this boulevard. Be sure you stop off at a crêpe stand on one of the side streets. The chocolate crêpes are absolutely wonderful!

## Seine River Tours

Boat tours along the Seine run throughout the day and evening. Many include lunch or dinner. The boats depart from the Pont de l'Alma (on the Right Bank) or from the foot of the Eiffel Tower (on the Left Bank). You can see many attractions on the trip, such as the Île de la Cité in the middle of the river as well as some of Paris's famous bridges.

## 8 Reading

### Before Reading

Does the weather change the way you feel? How?

### Can Weather Affect People's Moods?

Do you think it will rain tomorrow? Will it be cool or warm? People often ask about the weather because they want to wear appropriate clothing. But the weather can mean more to people than just changes in clothing. According to new research, warm, sunny weather can have a positive impact on mental health and mood. On the other hand, cold, dark winter weather can have a negative effect, even causing Seasonal Affective Disorder (SAD), a depression that comes back every winter. Read people's answers to a survey about how the weather affects their moods.

I can't really tell if the weather affects people's moods. In my country, it's always hot. In the winter, the temperature is about 84 degrees Fahrenheit (29 degrees Celsius). We usually have bright, sunny skies, and the people here are normally very happy even during thunderstorms. Maybe one day I'll get to see the snow and see if the cold weather will change my mood. *Ibrahim – Jeddah, Saudi Arabia*

I live on an island that has about two hundred beaches. So the weather affects the way I feel and our way of life very much. I'm in a lively mood the whole year round. People think that my country is tropical, but in the south we sometimes get some really cold, windy days, and I feel down. However, they don't last very long. When that happens, I just try to tell myself not to worry because tomorrow or the day after will be beautiful and sunny again. *Felipe – Florianopolis, Brazil*

The weather definitely affects the way I feel. When it's rainy and dreary out, I feel tired and depressed, and I don't want to do anything outdoors. So I try not to look out of the window, and I spend my time like a typical couch potato, watching TV and eating, or playing video games. My body and my brain seem to function better when it's sunny. I'm more energetic, and I feel like exercising more frequently. The trouble is that it rains on about one day out of three in England. *Keith – Liverpool, England*

### After Reading

Complete the chart. List the effects of the weather on the three people.

# Age Means Nothing

Six-year-old Marta Garcia was sitting with her little three-year-old brother in the backseat of the family car as her dad prepared to get in the car and take the wheel. Suddenly a stranger appeared and pushed Marta's father out of the way. He wanted to steal the car. The father fought back, but the thief overpowered him and got in the car. Marta's father was holding on to the car door and screaming when the man started to drive down the road. He said later, "My children were in there. I wasn't going to let go." Finally he lost his grip on the car and fell onto the road. The car disappeared, and the father sat crying on the side of the road.

But Marta wasn't going to

let the thief get away with that. She started hitting the carjacker with her fists and pulling his hair. Finally he got tired of it, stopped the car, and ordered the two children out. Marta took her brother from his car seat and helped him get out of the car.

Some minutes later, when Marta's father looked up, he couldn't believe his eyes. His two kids were coming toward him. Marta was holding her brother's hand.

Marta said, "I wasn't scared. I wanted us to be safe. I was hitting the bad man. I just wanted Daddy." The local police officer said, "Marta is a brave little girl."

**Michael:** **You're out of your mind!** You'll never catch me diving in the middle of sharks.

**Andrew:** It's not like that. You go out on a boat to a place called "Shark Alley," and you go down inside a cage. ## 8 Reading

### Before Reading

What do you know about camels? Have you ever ridden one?

## Ships of the Desert

"It's the one of the most uncomfortable experiences I've ever had. But it was incredibly fun! I'll never forget it!" That's what many people say after they have ridden a camel for the first time. Camels, also known as "ships of the desert," have been a favorite means of transport for millennia due to their ability to withstand the hot, dry climate of the desert.

Riding a camel is not the same as riding a horse. First, the rider must sit and balance himself about two meters above the ground on the camel's hump. Second, a camel walks differently than a horse. It moves the two right legs together, and then the two left legs. This can make the rider swing from side to side.

### Riding a camel for the first time? Here are some helpful tips:

1. Wear sunscreen, long sleeves, and a hat for protection from the hot sun.
2. Wear long pants and socks to protect your legs from getting itchy.
3. Always go riding with an experienced cameleer who knows the animal. Camels are emotional and will respond better if a familiar person is nearby.
4. Get on when the camel is in a sitting position. Put one foot on a small stool and then throw your other leg over the camel's hump in one motion.
5. When the camel stands up, hold on tight and grip your knees around the camel's sides. As the camel leans forward, lean back in the opposite direction to keep from falling.
6. Sit and hold the reins confidently. Camels are intelligent and can sense if you are nervous.
7. Relax in the saddle and bend your knees at a 90° angle. This will help you balance as the camel swings you from side to side.
8. After the ride, wait for the camel to sit down. Hold on. Lean back and then forward, just as you did when the camel stood up.

### After Reading

1. Why are camels called "ships of the desert"?
2. How is riding a camel different from riding a horse?
3. What are two characteristics of camels?
4. Which tip do you think is the most important and why?

## 9 Writing

A. Read about Ali's uncle. Circle all the linking words and phrases that you can find.

Do you know anyone who has gone scuba diving in the coral reefs of the Red Sea, mountain biking in Al Baha, or paragliding in Asir? These are just a few of the exciting things my uncle has done. Hameed is a travel writer who publishes articles to promote youth tourism in the Kingdom. He believes that the best way to write about things is to experience them. He has ridden camels and raced Arabian horses. He has also climbed to the summit of Shada Mountain. He has been sand skiing in the Rub' Al Khali Desert and has driven a 4x4 in the dunes of Al Qassim.

Of course, he is careful. "Safety comes first," he always says. Before he does any extreme or dangerous activity, he first learns about it. Then he trains with expert instructors. In fact, he spent a week practicing in a pool before he went scuba diving in the sea.

So what's next for Uncle Hameed? He hasn't flown in a hot air balloon, nor has he tried kite surfing. However, he has promised to take me mountain biking around Al Souda Mountain when I'm 16. I can't wait!

### Writing Corner

Linking words and phrases help connect ideas and make a paragraph easier to read.

1. To show addition: *and, or, nor, also, too*
2. To show contrast: *but, however, on the other hand*
3. To give examples or emphasis: *for example, like, such as; of course, in fact*
4. To show time: *when, before, after, since, first, second, next, then*

C. Write about someone who you think has had an exciting life. Explain why. What has the person done?

What do you know about the two billionaires?

# Success!

From a poor family in Saudi Arabia, Sheikh Sulaiman bin Abdul-Aziz Al-Rajhi managed to become a billionaire and one of the world's most respected businessmen and philanthropists.

Sulaiman Al-Rajhi grew up in Al-Qassim, where he and his older brother, Saleh, set up a small business. They started by changing money for travelers who were going to visit the holy cities of Makkah and Madinah. When the oil industry grew in the 1970s, the brothers expanded their business. Many men from other countries came to work in Saudi Arabia. Sulaiman and Saleh helped these men by creating a safe and reliable way to send money back home to their families. Then, in 1983, they opened Saudi Arabia's first Islamic bank. Today, Al-Rajhi Bank is the largest Islamic bank in the world.

Over the years, Sulaiman Al-Rajhi has invested his wealth in many other businesses, education, and charities. One of these is organic farming, because he believes in a

healthy lifestyle. He also set up the Awqaf Sulaiman Al-Rajhi Holding Company (ASRHC) which supports charities and humanitarian projects around the world. In 2009, the Awqaf Sulaiman Al-Rajhi Holding Company (ASRHC) opened the Sulaiman Al-Rajhi University, which offers courses in Nursing, Medicine, and Health Sciences.

In 2011, Sulaiman Al-Rajhi decided to give away his entire fortune of \$7.7 billion. He gave most of his money to his family and the rest to charity. For his many years of hard work to establish an Islamic bank and his generous efforts to help others, he was awarded the King Faisal International Prize for Service to Islam in 2012. Today he is rich in experience, and he happily continues to work on projects with the Awqaf Sulaiman Al-Rajhi Holding Company (ASRHC).

Success!

As a young boy, Bill Gates was an unlikely candidate for one of the future richest men in the world. He was shy and not very sociable. But he had a special talent for math and science. His parents recognized his intelligence and enrolled him in Lakeside, a school in Seattle that was known for its high academic achievement.

It was there that Bill Gates came into contact with the first computer, and also met fellow student Paul Allen, who shared his fascination for computers. At the age of 17, Gates built a timetable system for the school and earned \$4,200.

In 1976, Gates dropped out of Harvard and started Microsoft with Paul. Their big opportunity came in 1980 when they signed an agreement to provide the operating system for IBM's new personal computer. The operating system, MS-DOS, became the operating system for PCs all over the world.

Success!

In 1973, Bill Gates went to Harvard University, but his heart was not in his studies. While he was in college, he teamed up with Paul Allen to write the first computer language program for the PC (personal computer) called BASIC.

Bill Gates became a billionaire, and today he uses his money to improve the lives of hundreds of people globally through an organization that he and his wife founded—the Bill and Melinda Gates Foundation.

# I Never Found Gold Anywhere Until I Got Back Home

I've been to Jamaica.  
I've been to Japan.  
I've traveled all over the world.  
I've sailed on a ship and flown in a plane.  
But I've never found diamonds or gold.

I studied in Paris when I was a teen—  
I looked for happiness there.  
Then I went to London where I saw the queen.  
Worked at a job in Mayfair.  
But I've never found gold anywhere.  
No, I never found gold anywhere.

**I've been a sailor, a waiter, a writer.  
I've been a teller, a driver, a fighter.**

When I finished school, I worked in a bank.  
Then I fought in a terrible war.  
I shot with a rifle and rode in a tank.  
But I've never broken the law.  
But I've never found gold anywhere.  
No, I never found gold anywhere.

**I've been a sailor, a waiter, a writer.  
I've been a teller, a driver, a fighter.**

Fahd goes to school Sunday through Thursday. He works out three days a week on Monday, Wednesday, and Thursday. He stays healthy all year, and he's not sick a lot. He also hangs out with his friends after school and on weekends. They go to the mall every Thursday, and they usually eat lunch in the food court. He loves the pizza there.

One time he got Indian food, but he didn't like it. So now he just eats pizza. He and his friends like to chat online a lot, too. But he has to do his homework before he can go online. Some of his friends send him a lot of messages, but his friend Qassim only sends him one or two messages a week. Qassim doesn't have a lot of free time to go online. Qassim goes to swimming practice every afternoon, then he does his homework and goes to bed early. He can only go to the mall once or twice a month. But tomorrow, Qassim, Fahd, and their friends are going to hang out at the food court. They want to try the food at the new Indian restaurant!

## 6 What Was It Like?

### F READING

Read the story.

I'm Ahmed from Riyadh. Last summer, my older brother and I went to Sudan. My brother works for a charity that gives healthful food and school supplies to children there. They do fantastic work, but not many people know about it.

His charity asked me to make a website for them so people could read about their work and help by giving money. I spent eight weeks in Sudan altogether. For the first two weeks, I traveled to different villages to learn about the charity. I was excited to help my brother and became proud of his work. Then, I went back to the capital city, Khartoum, and I designed and tested the new website. It was a success! Lots more people are giving money now to help the Sudanese children.

It was an amazing experience. I met a lot of new people and lived in a different culture. After I went back to Saudi Arabia, my parents said I could do the same work from home. So, I discovered two other charities and designed websites for them. I love the work. Now I know what I want to do after college.

Ryan and Tim weren't excited about the camping trip. Their father said, "Pack extra clothes. It's cold near the lake."

The boys packed their own things. They packed a TV and an electric grill.

The first night at camp, the boys wanted to cook sausages on the grill. "You can't," said their father. "We don't have any electricity!" So they cooked the sausages over a fire. After dinner, the boys wanted to watch TV. Their father said, "Remember there's no electricity. You can't use the TV." The boys were bored, and they went to bed early.

The boys got up early in the morning. They were excited as they went for a walk to explore the lake. When the boys left, their father went back to sleep. He was happy.

When they got back to camp, their father asked, "What happened?" Tim said, "We fell in the lake."

Their father said, "Put on your dry clothes." But Ryan and Tim didn't pack any extra clothes. So they went home early.

They put wax on paper umbrellas.

European women used umbrellas before European men used them. Jonas Hanway was the first man to carry one in England. He made umbrellas popular for men and women. Some people called the umbrella a Hanway because of him.

We make umbrellas from many different things. The first ones were made of wood and cloth. Now many are made of plastic or other synthetic materials. Today umbrellas are easy to carry. They fold up into a small package. The umbrella is a great invention. Don't forget yours the next time it rains.

Hi Saeed,

Thanks for your email. How amazing! A summer vacation to Malaysia and a trip to the rainforest! It's one of the most spectacular places in the world! My brother also says that Malaysia has some of the most beautiful beaches.

We have vacation plans, too. I'm going skiing with my family in June! The most surprising thing is that we only have to go to Dubai. The indoor ski resort is open all year. It's the largest indoor snow park in the world, and the mall has some of the best shopping and entertainment.

I have an idea. Maybe we can spend a weekend together in October. We wanted to go to the desert last year, but we didn't get there. It's just a short bus ride from your home and from my home. Why don't we go camping there? It's more relaxing than climbing a mountain or skiing. And it's still a fun adventure! And the weather is cooler in the fall. Call me when you get back.

Best regards,  
Rashid

Hi Rashid,

How are you? You're going to have a lot of fun skiing in June. And I love your idea! Let's definitely spend the weekend together in the fall. It's going to be perfect after my vacation to Malaysia and yours to Dubai.

I have more information about my trip. First, we're going on a river safari to see wildlife like monkeys, orangutans, and elephants. Our next adventure is climbing Mount Kinabalu. We're going to hike for five hours and stay overnight at a rest house. Early the next morning, we're going to climb all the way to the top. It's going to be a wonderful view at sunrise. I'm a little afraid, but we're going to have an experienced guide for the climb. Finally, we're going to relax at the beach for a few days.

I'm going to pack warm clothes for our climb—sweatpants, a sweater, and a good pair of hiking boots. Are you going to pack warm clothes, too? Of course, I'm also going to take some shorts and T-shirts.

You and I are going to have great summer vacations! And we're going to have a great fall vacation, too!

All my best,  
 Saeed

Some friends of mine live in Alaska. They told me this story. My friends were really surprised last Tuesday afternoon. They were playing football after school when a moose walked across the football field! They stopped and stared. They followed the moose. When the moose walked across the park, some adults and children were picking up litter. They, too, stopped and stared. They followed the moose. When the moose crossed the street, some children were sitting in a school bus. They got out and followed the moose. Then the moose walked in front of a police car. The police officer was talking on his phone when he saw the moose. Finally, the moose walked to the bakery. It stood there and was smelling the bread. Everyone thought the moose was hungry and wanted some food. The entire town stopped and was watching the moose. People asked, "What can we do to help the moose? We need to get it back to the forest." Someone had an idea! Soon after, the moose was walking out of town following the bread truck!

### Fly Like a Bird

Today we can fly in a plane. We can fly in a spaceship. And we can fly attached to a large kite—a hang glider. The modern hang glider has a very long history. It starts in China during the time of Emperor Wenxuan of Northern Qi. Around the year 550, the emperor used prisoners to be his test pilots. Then in 875, Abbas Ibn Firnas, who was 65 years old at the time, flew a “considerable distance” near Córdoba, Spain. He crashed and hurt his back. A century and a half later, in 1010, a man in England named Eilmer of Malmesbury jumped from a tower attached to a kite. He flew 200 meters before he crashed and broke both legs. These early flights ended in disaster because the gliders were not designed properly. These pioneers based their gliders on a bird’s wing, but they didn’t understand how a bird’s wing works.

In the 1880s, a German named Otto Lilienthal built a glider, and it did actually work like a bird’s wing. He became known as the father of modern hang gliding. He made over 2,000 flights with his hang glider. Unfortunately in 1896, he fell 17 meters during a flight and broke his spine. He died the next day.

Yet Lilienthal inspired two brothers in the United States—the Wright brothers. Lilienthal’s work influenced their first experiments. And thanks to the Wright brothers and Otto Lilienthal, we can fly from one country to another in several hours or less.

### Write *T* for *True* or *F* for *False*.
